

REMARKS

Status Summary

In this amendment, no claims are added, and no claims are canceled. Therefore, claims 1-10, 22-34, 42-50, 61-66, 69-72, 75, 76, and 79 remain pending.

Claim Rejections - 35 U.S.C. § 101

Claims 42-54, 75, and 76 are rejected under 35 U.S.C. § 101. In particular, the Office Action indicated that the claimed computer program product should be amended to recite, "a computer readable medium encoded with instructions." The claims have been amended as suggested in the Office Action. Support for the claim amendments is found, for example, in the original claim language, which recites a computer readable medium and on page 8, lines 5-15 of the present specification. Entry of this amendment is respectfully requested.

CONCLUSION

In light of the above amendments and remarks, it is respectfully submitted that the present application is now in proper condition for allowance, and an early notice to such effect is earnestly solicited.

If any small matter should remain outstanding after the Patent Examiner has had an opportunity to review the above Remarks, the Patent Examiner is respectfully requested to telephone the undersigned patent attorney in order to resolve these matters and avoid the issuance of another Official Action.
